This is the second office action for application number 10/648,889, Line Support Systems, filed on August 27, 2003.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the primary reasons for the allowance of the claims in this application are the limitations of a line support including first and second support members having elongated bodies, wherein the second support member further comprises at least two alignment channels positioned at a distal end of the second support member and extending beyond the second support member, now included in claim 1 and in combination with the other elements recited in the claim; a line including a sliding retainer selectively positionable about the first and second support members and wherein the sliding retainer has a threaded bore therethrough for engagement with a securing mechanism that engages at least one of the first and second support members and is capable of retaining the sliding retainer in a selected position, now included in independent claim 5 and in combination with the other elements recited in the claim; wherein the sliding retainer has teeth members for engagement with at least one of the first and second support members and wherein the sliding retainer is releasably biased in a selectable retained position, now included in independent claim 6 and in combination with the other elements recited in the claim; wherein the first support member further comprises a handle located at a distal end of the first support member wherein the handle is configured to assist in opposing the biasing force when pulled, now included in independent claim 8 and in

combination with the other elements recited in the claim; wherein at least one sliding retainer stop is provided and positioned to prevent the sliding retainer from being maneuvered past the at least one sliding retainer stop, now included in independent claim 9 and in combination with the other elements recited in the claim; and wherein at least one of the first and second support members provide indicators that relate to the amount of biasing force provided for a given position of the sliding retainer, now included in independent claim 10 and in combination with the other elements recited in the claim. These respective combinations of elements are not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
